

## **CANCELLATION NOTICE**

### **LF 516, Certification to Participate as Member of the Research and Development (RDCP) Panel (Rev. Jun. 2004)**

**Cancelled effective 02-29-08.**

LF 516, Certification to Participate as Member of the Research and Development (RDCP) Panel (Rev. Jun. 2004), was the tool that documented certification that panel members have no conflicts that would preclude their service as a panel member. Because the RDCP process is obsolete, this form is not needed and is officially cancelled.
